HIGH LEVEL EXHIBITION EVENT

PLASTICA exhibition is honored by the presence of industry representatives and organizations, as well as many important institutions, whose participation strengthens the exhibition's position as the ultimate meeting point for the Greek and international plastics industry.

PLASTICA

The 13th international exhibition showcasing and promoting products, services, and technologies in the plastics industry, such as raw and auxiliary materials, semi-finished and finished plastic products for all uses, industrial plastics and components, processing machinery, plastic and rubber production equipment, cooling, ventilation, air conditioning, plastic and rubber recycling, as well as services for plastic businesses, including software systems, design, industry magazines, websites, and organizations.

METROPOLITAN EXPO EXHIBITION CENTER

IMPORTANT GUEST ATTENDANCE

The exhibition attracts important and targeted guests including professionals from Greece and abroad, as well as representatives from all sectors of the industry. Visitors take advantage of the opportunity to explore the latest trends in the plastics sector and establish important business partnerships.

BUSINESS PARTNERSHIPS

At PLASTICA'26, B2B meetings are organized in specially designed areas within the exhibition halls, while a significant number of meetings is scheduled online through the digital platform. These professional interactions is leading to the conclusion of business agreements, strengthening networking and collaboration among industry professionals.

WITH THE GUARANTEE OF PL events EXHIBITIONS ORGANIZERS

With a portfolio of international exhibitions such as SYSKEVASIA, A&R EXPO, PLASTICA, and CHEM EXPO, and with many years of experience in the field and in organizing exhibitions since 1986, PL EVENTS contributes substantially and strategically to the growth and networking of thousands of companies in Greece and abroad.
